

WHAT CAN A PEER SUPPORT SPECIALIST HELP WITH?

Support from someone who understands the recovery journey through lived experience.

Peer support is about connection, encouragement and practical help.

A peer support specialist can walk beside you as you identify goals, navigate systems, build support and strengthen the life you want in recovery.

A PEER SUPPORT SPECIALIST CAN HELP YOU:

✓ Navigate services

Connect with treatment, recovery and community resources.

✓ Build support

Identify people, groups and community connections.

✓ Prepare for appointments

Organize questions, priorities and follow-up needs.

✓ Strengthen routines

Create practical habits that support stability and wellness.

✓ Set recovery goals

Break larger goals into realistic next steps.

✓ Problem-solve barriers

Work through transportation, housing, employment and appointment challenges.

✓ Practice self-advocacy

Build confidence speaking up for your needs and choices.

✓ Stay connected

Maintain encouragement and accountability through transitions.
